Program - 2nd Hydrogen Industry Day

Thursday, 08 December 2022

08:00 – 09:00 CHECK-IN

Time	Room: Großer Ballsaal
09:00 – 10:30	**Welcome and opening**
	Kathleen Zander, Managing director WindAdvice GmbH
	Ines Jesse, State Secretary for Economic Affairs, Infrastructure, Tourism and Labour of the State of Mecklenburg-Western Pomerania
	Kurt Bodewig, President Baltic Sea Forum e.V.
	Wolfram Axthelm, Managing director Bundesverband Windenergie e.V. - **Green hydrogen as a key technology of the energy transition**

10:30 - 11:00 Coffee break

Time	Room: Großer Ballsaal	Time	Room: Wellenrauschen
11:00 - 12:30	**Europe and hydrogen: Scandinavia**	**11:00 - 12:30**	**Power plant technology and hydrogen**
	Moderation: Martina Köhn, WindAdvice GmbH		**Moderation: Dr. Thomas Eck, vgbe energy e.V.**
	Regulatory Challenges in Denmark Affecting PtX Projects Andreas Schønbeck, Horten Law Firm		**Ways to a safe and stable, fully regenerative electrical energy supply system** Prof.-Dr. Harald Weber, Universität Rostock
	Hydrogen a look at Denmark and Germany Dr. Axel Röpke, Tyskret.com - Sagawe & Klages		**The first H2-ready CHP plant in Europe** (requested) Thomas Brandenburg, Stadtwerke Leipzig GmbH
			Projects of KNG Rostock (requested) Axel Becker, KNG Kraftwerks- und Netzgesellschaft mbH, Kraftwerk Rostock

12:30 – 13:30 Lunch break

Time	Room: Großer Ballsaal	Time	Room: Wellenrauschen
13:30 – 15:00	**Europe and hydrogen: Denmark**	**13:30 - 15:00**	**Topics from business practice**
	Moderation: Martina Köhn, WindAdvice GmbH		**Moderation: Dr. Dariush Hourfar, KWS Energy Knowledge eG**
	Danish-German cooperations within sector coupling and P2X Jakob Andersen, Königlich Dänisches Generalkonsulat Hamburg		**Risk consulting and insurance management for hydrogen projects** Martin Grentzinger, Marsh GmbH Male Matthias Kliesch, Marsh GmbH
	The Power to X and Hydrogen projects and framework in Denmark Tejs Laustsen Jensen, Hydrogen Denmark		**Obtainment of the administrative permit for Hydrogen-Projects in Germany - watertight strategies, fast and legal** Tobias Roß, Dombert Rechtsanwälte PartmbB
	Denmark as a strategic green hydrogen powerhouse Thomas Wibe, Tougaard- Invest in Denmark		**Experiences from realized h2-projects** Niklas Beckmann, ENERTRAG SE
	The case of HySynergy in Fredericia Jens Conrad, Everfuel A/S		**Training and qualification of specialists for the safe handling of hydrogen technologies** Dr. Thomas Gallinger, TÜV SÜD Industrie Service GmbH
	Meeting the green hydrogen market with large scale SOEC electrolysers Therese Boarding Hermann, Topsoe A/S		

15:00 – 15:30

Time	Room: Großer Ballsaal	Time	Room: Wellenrauschen
15:30 - 17:00	**Europe and hydrogen: Lithuania and Latvia**	**15:30 - 17:00**	**Law and order**
	Moderation: Klaus Lorenz, Lorenz Kommunikation		**Moderation: Lars Kyrberg, Bird&Bird LLP**
	Alternative drives Roman Baumanis		**Overview of the legal framework for hydrogen use** Ingolf Sonntag, MASLATON Rechtsanwaltsgesellschaft mbH
	Latvia and hydrogen Jens-Christian Pastille, Rödl & Partner GmbH		**Current legal framework for the construction and operation of H2 infrastructure: Are we sufficiently prepared for the future?** Dr. Hermann Rothfuchs, Bird&Bird LLP
			European definition of renewable hydrogen: implications for the economics of H2 projects David Siegler, BBH Consulting AG

17:30 - 19:00	**Business-Speed-Dating** (with registration)
from 19:00	**Evening event in the restaurant PAULO SCUTARRO at the invitation of the Volksbank Mittelhessen**

Volksbank Mittelhessen

Program - 2nd Hydrogen Industry Day

Friday, 09 December 2022

08:00 – 09:00	**CHECK-IN**		
Time	**Room: Großer Ballsaal**		
09:00 – 10:30	**Opening**		
	Moderation: Klaus Lorenz, Lorenz Kommunikation		
	Keynote - Green hydrogen for a secure energy supply - Werner Diwald, Deutscher Wasserstoff- und Brennstoffzellen-Verband e.V. (DWV)		
	Presentation Hydrogen in Denmark - Helene Urth, Energy Cluster Denmark		
10:30 – 11:00	**Coffee break**		
Time	**Room: Großer Ballsaal**		**Room: Wellenrauschen**
11:00 – 12:30	**Transportation and shipping**	**11:00 – 12:30**	**Hydrogen projects in operation**
	Moderation: Kathleen Zander, WindAdvice GmbH		**Moderation: Dr. Dariush Hourfar, KWS Energy Knowledge eG**
	H2 Zero Emission Trucks, Busses and Infrastructure for a Green Future Dirk Graszt, CLEAN Logistics SE		**Renewable projects and electrolysis** Alexandra Mützelburg, Fieldfisher Partnerschaft von Rechtsanwälten mbB André Steinau, GP JOULE GmbH
	Alternative fuels in the maritime sector F. Maximilian Boemke, Watson Farley & Williams LLP		**H2 readiness from the operators association point of view** Dr. Thomas Eck, vgbe energy e.V.
			Sector coupling wind farm and electrolysis - a specific project Uniper (requested)
12:30 – 13:30	**Lunch break**		
Time	**Room: Großer Ballsaal**		**Room: Wellenrauschen**
13:30 - 15:00	**Law and practice**	**13:30 - 15:00**	**Research and regional value creation in MV**
	Moderation: Martina Köhn, WindAdvice GmbH		**Moderation: Sebastian Adler, WindAdvice GmbH**
	Regulatory Challenges for the implementation of park and sector coupling concepts Dr. Julia Wiemer, Kapellmann und Partner Rechtsanwälte mbB		**Rostock becoming a hydrogren hub – status and progress of the strategy "Energiehafen Rostock"** Dr. Ralf Tschullik, IWEN Energy Institute gGmbH
	Energy carrier H2 - the long-term opportunity for our energy transition Dr. Peter Sponholz, APEX Group		**The green hydrogen production by offshore wind turbines** Thorsten Kirch, GÖRG Partnerschaft von Rechtsanwälten mbB
	Water law aspects in the production of hydrogen, also in view of water scarcity Katharina Reiners, GÖRG Partnerschaft von Rechtsanwälten mbB		**Hydrogen Research in Mecklenburg Vorpommern** Prof. Dr. Johannes Gulden, IRES-Hochschule Stralsund
			Hydrogen Projects in MV – An current Overview of applied Research Christoph Wulf, Leibniz-Institut für Katalyse e.V.
15:00	**End of the event**		

Status 02 November 2022 - Subject to change
